

RE-volv Preferred Installer Network

Leverage Solar Financing to Unlock Direct Pay for Nonprofits

The Opportunity

From animal shelters to food banks to charter schools, there are over 1.5 million nonprofit organizations across the country. With federal cash back programs, such as Direct Pay Investment Tax Credit (ITC), and the increasing cost of electricity, more nonprofits are making the switch to solar to unlock these incredible savings. If just 1% of the nonprofits in the United States go solar, that represents 15,000 solar installations needed!

Why RE-volv

RE-volv is your trusted partner to secure solar financing and tap into this growing market. Odds are there are hundreds of nonprofit opportunities in your city. Beyond unlocking more clients, you will:

Easy Financing

RE-volv offers low-cost financing for nonprofit solar projects and a fast approval process.

Direct Pay Guidance

RE-volv walks nonprofit clients through the Direct Pay process to ensure the full value of the Investment Tax Credit (ITC) is received.

Community Engagement

RE-volv works with each nonprofit to celebrate their solar installation and highlight the benefits in the community.
